

# MAINE SCIENCE AWARDS

Presented by Maine Discovery Museum

October 15, 2026 • Bangor, Maine

Recognizing excellence in science, innovation, and discovery across the state of Maine.

*Maine has national and world leading scientists and research happening, and the Maine Science Awards presented by MDM is where we put them in the spotlight. The evening brings together Maine's scientific community and the people who champion it, to shine a spotlight on excellence and send everyone home a little more inspired.*
